* The 2017-2018 Outcomes Report is for the period beginning July 1, 2017 and ending June 30, 2018 was submitted to the Accrediting Bureau of Health Education Schools (ABHES) in November 2018 as required for the institution's Annual Report.

The following formula is used to calculate a program's retention rate:

$$(EE + G) / (BE + NS + RE) = R \%$$

EE = Ending Enrollment, G = Graduates, BE = Beginning Enrollment, NS = New Starts, RE = Re-entries, R% = Retention Percentage

The following formula is used to calculate a program's placement rate:

$$(F + R) / (G - U) = P \%$$

F = Graduates placed in their field of training, R = Graduates placed in a related field of training, G = Total graduates, U = Graduates unavailable for placement, P = Placement percentage

The credentialing rates are based upon the following formula:

$$GP / (GT - GRP) = \text{Examination Pass Rate}$$

GP = Total graduates passing examination (any attempt), GT = Total graduates taking examination, GRP = Total graduates with results pending, Examination Pass Rate = Percentage of students passing examination
