**Hours of Operation:**

**Monday-Friday:**

**10am-4pm**

The **Center for Academic Support and Professionalism (ASAP)** has instituted a new program, offering students an opportunity to engage and participate in professional counseling. The counseling program was developed to achieve the goals established by the Center for ASAP by providing a clinical approach to assist students in fulfilling their academic and personal goals. The counseling program will endeavor to provide **emotional** and **mental health support** to all students in both individual and group settings. All conversations are clinical and confidential.
